

## FLEEING FROM FLOOD DANGER

Many People Leaving Columbus, Ky., to Escape Rise There.

Danger at Evansville is not Past and There Will be Great Damage

### DAMAGE IN ST. LOUIS

Columbus, Ky., April 2.—Families are moving out of the flooded district on the outside of the levee, and the inhabitants of Islands Nos. 2, 3 and 4 are seeking a place of safety by going to the hills, four miles east of the river. Grain, cattle and hogs are being brought from Missouri and Wolf Island to this city by gasoline boats and other available craft. The farmers are taking advantage of the little time left them, and are trying to prevent a repetition of the losses by high water in 1897 and 1903. The high lands back of Columbus offer a splendid refuge for those looking for safety for themselves and moveable property. The lateness and unexpected coming of the flood has caught many of the farmers prepared and settled for the season's crop. Belmont, Mo., is totally under water, but there will be no occasion of vacation by her citizens, as all the buildings there, except the railroad property, are above high water. The river was kept out of that town during the late rise last year by a private levee, but this time there has been no effort to prevent an overflow. The Iron Mountain track between Belmont and Charleston, Mo., is surrounded by water on both sides, and is likely to be washed out by the rise of two feet that is still looked for. The present coming up of the river is more rapid than was ever known at this stage of water.

### AT EVANSVILLE.

Evansville, Ind., April 2.—Flood conditions along the Ohio river are not improved. The river has been stationary here for 36 hours, and stands now at 39.3 feet, but enough water is coming from above to make the biggest river this year. There is much alarm among the farmers who already have suffered heavily.

Most of the side streams of the Ohio are still pouring out a large volume of water and it is estimated that over one half of the wheat crop along the Ohio river and two thirds of the crop along White river will be entirely ruined.

### AT ST. LOUIS.

St. Louis, April 2.—The severe thunder storm that deluged St. Louis caused extensive damage in the suburbs, and somewhat damaged the Cascade Gardens at the World's Fair. Several suburban street car lines were washed out, and one car was washed from the track, and the passengers were forced to wade, knee deep, to land.

## KENTUCKY MAN

JUMPED TWENTY-ONE STORIES IN NEW YORK CITY.

Louisville, Ky., April 2.—Sidney Johnston Haydon committed suicide in New York by plunging twenty-one stories from a new office building. His fall to the street was uninterrupted and every bone in his body was crushed. He was a Louisville man, a son of Mrs. Dudley Haydon. He was a railroad man located in this city before he went to New York several years ago. No cause is known for the suicide.

## MANY MORE RUMORS OF ATTACKS OF JAPS ON RUSSIAN TROOPS

Another Effort Made to Bottle Up Port Arthur.

Bombardment Said to Have Been Furious—No Land Battles Yet Reported.

## JAPANESE LOST HEAVILY AT CHONG JU

New York, April 2.—Tokio sent out a report to the effect that Vice Admiral Togo had made another attack on Port Arthur on the night of March 30-31, but as St. Petersburg had not heard of the report, and as Vice Admiral Alexieff was at Port Arthur and reviewed the squadron, the Tokio story probably had no foundation.

Japan's losses in killed and wounded in the Chong Ju engagement were more serious than reported. The Japanese wounded were conveyed from the field by hundreds of Korean bearers, and so distracted was the Japanese force that on one occasion Red Cross flags were hoisted in token of surrender.

New Chwang continued to discuss its martial law and the impression prevailing among the local merchants was that Russia was well within her rights, the only wonder being that the martial law order had not been issued earlier.

### TOGO ATTACKS PORT ARTHUR.

Tokio, April 2.—Admiral Togo is engaged in another desperate attack on Port Arthur, and an attempt to bottle up the Russian warships there, according to a report.

The heavy guns of the Japanese fleet are pouring shells into the Russian fortifications, it is believed and under cover of this bombardment the last passage into the harbor is being blocked with hulls sunk by the Japanese.

On Wednesday night Admiral Togo made a vigorous attack on the forts. While this was going on he had soundings made to ascertain just where the passages to the harbor had been left clear.

In the meantime news is hourly expected of an engagement, probably on Korean territory. There are rumors that a battle has been fought, others that it is now being waged.

Information received from a private source is that the Japanese troops, after dislodging the Russians at Chong Ju about fifty miles northwest of Ping Yang, on Monday rested for one day, and then advanced on Wednesday to Yong Chun, about forty-five miles west of Chong Ju.

After a brief engagement they drove the enemy further north, the Russians retreating toward Unsan, a town eighty miles northeast of Yong Chun.

### JAPANESE SUCCESS PROBABLE.

London, April 2.—According to the Seoul correspondent the Japanese allowed a bullion pack train en route from Ping Yang to Amser, an American mining possession north of Anju River, to proceed after considerable delay. This act is supposed to indicate that the Japanese success at Chong Ju last Monday, was so full as to allow them to make considerable advance.

### NO FIGHTING ON YALU.

London, April 2.—The New Chwang correspondent of the Times wires that a messenger has arrived there from the Yalu river and reports that there has been no fighting at the latter place up to March 27. The Russians, according to the messenger, had four guns commanding the Southeast at Yonphoshan, where there are many troops.

### MORE TROOPS MOVED.

## EVIDENCE FOUND TO CONVICT WOMAN

She Had Dog Tags From Wm. Wheelis' Pocket Book.

Maggie White, Arrested in Mayfield and Brought Here, Probably Found Money.

### A WARRANT TO BE ISSUED.

Maggie White, the negress arrested in Mayfield several days ago with a surplus of money, will be warranted here today for grand larceny.

The woman arrested in Mayfield by Marshal Charles McNutt on suspicion, and not hearing anything definite from Paducah, released her. She came here and was promptly arrested and locked up to serve an unexpired sentence on the chain gang.

The investigation revealed the fact that the white woman and two negro men left Paducah the day Mr. William Wheelis lost a pocket book containing \$255 and went to Mayfield, where the woman proceeded to buy expensive wearing apparel.

When the woman was arrested her male companions deserted her and went to Fulton on the first train. A total of \$40 was secured and the dog checks found on the woman's person were the same lost by Mr. Wheelis in his pocket book.

Chief Collins stated this morning that Mr. Wheelis would be in the city this afternoon and would swear out a warrant against the woman. The police are in the meantime on the look-out for the two negroes who were with the woman.

The police think the woman found the purse and that the negroes simply helped her spend the money.

## PADUCAH MEN BUY A NEWSPAPER

The Jackson, Tenn., Whig Passes into New Hands.

Local Men Have the Controlling Interest and Will Put in New Equipment.

### OFFICERS ELECTED YESTERDAY

The Whig Publishing company was yesterday organized at Jackson, Tenn., with a number of Paducah men interested in the enterprise. The company has purchased the Jackson Whig, which is 62 years old, the oldest paper in West Tennessee and one of the oldest in the south, and has ordered new equipment and purchased an associated press franchise. The capital stock is \$25,000.

The officers of the new corporation are: Messrs. E. J. Paxton, Paducah, president; R. F. Spragins, Jackson, vice president; George S. Beard, Paducah, treasurer and business manager; John D. Spencer, Jackson, secretary.

Messrs. J. M. Simmons and J. D. Newton, former owners, will remain in the editorial department.

Mr. Beard, who was formerly business manager of the News-Democrat here is a hustler and a newspaper man of ability and will infuse new life and success into the Whig. He left Paducah several days ago to take charge.

The directors of the company are: Messrs. W. B. Smith, E. J. Paxton, N. D. Smith, George S. Beard and R. F. Spragins. Mr. W. B. Smith is in the Globe Bank and Trust company, and Mr. N. D. Smith, local manager of the Independent Telephone company, and also manager of the Home Independent Telephone Co., Jackson.

Improvements will be made to the paper as soon as the new equipment arrives.

## BETTER OUTLOOK FOR A DECLINE

River Likely to Come to a Stand Soon.

Falling Waters Reported From Nearly All Points Above Here.

### AND NO FLOOD IS FEARED

The river report today is regarded as more favorable than that of yesterday, and it is expected that the Ohio will tomorrow come to a stand here, or Monday, at the most. The water from above is not coming very rapidly, and heavy declines are reported from Nashville and Chattanooga and a fall at Pittsburg. Unless there is more rain, it is not believed that there is any danger of a flood.

One feature of the present rise that looked bad to river men is the fact that the Mississippi river is now 15 feet or more higher than it was in '84. Had it been as high then as it is now, there would not have been a dry spot in 1884 nearer Paducah than La Belle park, according to a local river man.

The stages of the rivers received here this morning show a general fall, and unless heavy rains come again, will continue to fall, as the bulk of the heavy rains has already come down and done its work. The stages for today received this morning are as follows:

Cairo, 48.2—0.6 rise.  
Chattanooga, 8.1—0.9 fall.  
Cincinnati, 42.8—0.5 fall.  
Evansville, 39.5—0.2 rise.  
Florence, 10.3—3.5 fall during past three days.  
Johnsboro, 25.8—1.9 fall during past two days.  
Louisville, 20.3—0.7 fall during past two days.  
Mt. Carmel, 27.1—0.5 rise in past two days.  
Nashville, 19.1—12.8 fall.  
Pittsburg, 21.9—11.9 rise but now falling.  
Davis Island Dam, 21.2—0.5 rise but now falling.  
St. Louis, 24.5—0.5 fall.  
Paducah, 43.6—1.0 rise.

The spread over the lowlands is rapid. While the river does not come up rapidly when it reaches the present stage, a very small rise will cause it to expand over a vast area.

Many of the country sections are under water, and owing to the fact that many people on the Illinois shore cannot get to the landing, and to the fact that some of the country roads are covered in this county, the effect is being felt on the market, many hucksters and farmers being unable to bring anything to the city.

Drummers from points below in Kentucky and Tennessee report that business is suffering greatly from the floods, the Mississippi river being at a dangerous stage.

Work has had to be suspended on the new iron bridge over Bolan's Ford, Clark's river, on account of the high stage of water caused by the other rivers backing up.

Laborers in Mechanicsburg who are extending the tan yard fill are having a hard time on account of the rising waters, which endanger the fill and will soon stop work on it.

## BREAKS REPAIRED

AND FURTHER DAMAGE AT ST. MARYS, MAY BE OBVIATED.

St. Marys, Ohio, April 2.—The breaks in the banks of the great St. Marys reservoir have been repaired and it is now thought that serious trouble will be prevented. A thousand acres of land are flooded and many farmers are driven from their homes. The city is without light and fire protection on account of the flood.

St. Petersburg, April 2.—Several persons perished in a fire in the market here today.

## THE GRADES ARE ABOUT FINISHED

But Class Honors, Not Yet Awarded in High School.

Monday Those Who Are to Be Salutatorian and Valedictorian Will Be Notified.

THE PADUCAH SCHOOLS

Principal Payne, of the High school, has averaged the grades of High school pupils and has decided to whom the honors of the graduating class will go, but reserved the announcement until Monday when the result of the work of going over grades and selecting the honored pupils will be given to the pupils in their class rooms.

The grades were audited yesterday and the teachers handed in their reports to Principal Payne last night. A meeting will be held tonight and the grades finally gone over again and carefully enumerated, to prevent a possible mistake, and on Monday morning the successful pupils will be notified.

There are three pupils of the graduating class, one girl and two boys, who made very high grades, and whose grades ran about the same. It was hard to distinguish between them but the grades for the entire three years High school term were averaged to secure the result, and there will be no contentions on the part of any pupil, the school authorities think. The work of preparing the commencement programme will begin at once, and the pupils will be assigned their subject as soon as possible, probably next week.

Supt. Leib stated this morning that he had carefully looked into the matter of the compulsory education law recently passed by the legislature, and was gratified to find that Paducah school children were nearly all enrolled and attending school and that when the law was made effective would mean compulsory education to all children, and these would be those who roamed the street, their parents being unable to anything with them.

"I have looked into the matter carefully," Supt. Leib stated "and find that not more than 5 per cent. of children in Paducah within the required age, from 7 to 14 are out of school. One other very gratifying point is that very few are employed in factories, and that the law will affect but few who have to assist in earning a livelihood for themselves or parents. We have in the Paducah schools over 200 more pupils enrolled than the law would compel to attend but a number of these are under the specified age and some are over it."

Supt. Leib is very much pleased with the interest taken in the schools by the mothers and children, and thinks Paducah is advancing rapidly in educational work and interest.

Supt. Leib projected a plan for night schools here, where enough interest in athletics and such diversions could be aroused to attract the gamins and street urchins who will not go to school, but realizes the impossibility of realizing the materialization of this plan.

## WILL BE PUSHED.

THE BANK TAX SUIT TO BE TAKEN THROUGH ALL COURTS.

Auditor's Agent Frank Lucas, who has agreed to take the Louisville Bank of Commerce as a test case in the suits against state banks, has returned to Louisville.

No time has been fixed for trying the case, but it first comes up in the county court, will then be appealed to the circuit court and then taken to the court of appeals.

Should the auditor's agent win the suit his commissions would probably reach \$200,000.

The only two questions involved are whether or not the banks can be made to pay taxes on deposits and whether or not an auditor's agent can bring suit without the consent of the auditor.

## ROUSTERS ARRESTED.

THEY ARE CHARGED WITH KILLING ONE OF THE MEN ON THE TENNESSEE.

Marshall Knuckles, or Nuckells, colored, who shipped here last Saturday as a deckhand on the steamer Tennessee, was killed at Clifton, Tenn., by Will Leonard and Will Stewart. Leonard had been on the boat some time and Stewart shipped at Waterloo, Tenn. Nuckells, it seems, claimed that the two men took lumber from his shoulder in such a manner that it dragged and scraped him.

Finally the accusation ended in a fight, and one report is that Nuckells stabbed Stewart, and was chased up the hill.

When he started down to the boat again Leonard picked up a brick and threw it at him, striking him in the head. He fell headlong into the river and when dragged out by bystanders was found to be dead.

Both negroes were arrested on the boat and taken to Waynesboro, Tenn., the county seat, for murder.

## NO STRIKE

THE CONTRACTORS SAY HOD CARRIERS ARE AT WORK.

The report that the hod carriers had gone on a strike is said to be incorrect. Mr. Charles Smedley, president of the brick contractors association, says the contractors have agreed to pay the hod carriers what they want and the reason the hod carriers were not at work yesterday, was because there was no work to do.

Mr. Smedley stated this morning that the hod carriers wanted \$2.25 per day for carrying mortar where they formerly got \$2, and the brick carriers wanted \$3 where they formerly got \$1.75. There were a few clauses in the demands the contractors would not agree on, and a compromise was effected which was satisfactory to all, the most of the demands being made receiving favorable consideration.

# WOMEN

Every physician of large practice has had the experience of being called on to attend women who imagined that they were in the last stages of some dire female malady, when upon examination the fact was revealed that obstructed physiology of the stomach or bowels was the whole cause of the trouble.

The physician, however, who has not had experience may fall into the error of diagnosing grave diseases of the female system when they do not exist, because disorders of the bowels may be neglected until they give many of the appearances of female disease. The bowels have been known to become so clogged with hardened contents as to produce a condition closely resembling uterine displacement, uterine prolapse (falling of the womb), and the sick headache which is often attributed to female diseases is most often actually due to some trouble in the digestive machinery involving the liver, stomach, bowels or the great "Solar Plexus," which is the central telegraph station from which nervous messages are transmitted to and from all the organs in the abdominal cavity.

# The Week In Society.

## A RHYME FOR EASTER.

No Easter duty, Soul! forget:  
Hear the bells a-ringing?  
Life is not a song; and yet,  
Lips were made for singing!  
(Jenny, with your eyes of blue,  
Shall I make a song for you?)

Earth hath shriveled far from God,  
Though His bells are ringing;  
Hate hath crimsoned many a clod  
Where Love's flowers were springing  
(Jenny, of the locks of brown,  
Call the Easter angels down)

Yet we love thee, Earth! and tread  
All thy paths of Duty,  
Even to flowers that hide Love's dead  
Giving Death Life's beauty!  
(Jenny, how can Earth have sighs,  
Near the heaven of your bright eyes?)

## THE OLD TIME BONNET.

Frank L. Stanton pays the following tribute to the Easter girls of other days:  
The old time Easter Bonnet,  
It had no style for you,  
With just a few bright ribbons—  
May be a flower or two;  
But a kiss beneath that bonnet  
Was sweet as honey dew

## GIFTS FOR EASTER.

A writer in the New York Herald says: Only second in importance to Christmas has Easter become as an occasion for exchanging gifts. Season by season has the tide risen and this year high water mark has been reached. Never has there been such a profusion or such a variety of Easter gifts as is now displayed in the shops.

While articles of all kinds, useful and ornamental, are coming into use as Easter gifts, the distinctive things that belong to the spring festival are most conspicuous and give character to the exhibits in the windows and on the counters.

The legends and traditions that have associated the rabbit and the chicken with Easter, tide have been extended to include all kinds of animals and especially have the fantastic and freakish phases of animal life been called upon to furnish suggestions for Easter novelties.

The possibilities of the egg have been carried to infinity.

Above all gifts, however, that are suitable to the holiday which marks the coming of springtime and which is emblematic of the resurrection of material life as well as spiritually significant, flowers stand pre-eminent. And it is the flowers, natural and artificial, blossoming over everything that distinguishes the Easter display from that of the winter holidays.

There is somewhat of a falling off in popularity of the Easter lily, it is said, nor is the azalea quite so popular but all the spring flowers, such as jonquills, hyacinths, daffodils, primroses and narcissus are in high favor, and roses of all kinds never fail in popularity. Potted plants as gifts are made much of, and the florists seek to add to their attractiveness by dressing up the pots in all sorts of decorations.

For sending out flowers too, there are elaborate boxes with floral covers, ribbons, cards and other accessories which add to the festive appearance and to the cost of the gift.

One of the novelties of the season is the Japanese cherry tree, which will bloom and bear fruit in pots.

## EASTER IS HERE.

Dull Lenten Days are over and the glad Easter time is here. Vying with the Easter lily in its freshness and beauty, proclaiming the joyous resurrection day, will be the Easter maiden, in all the brightness of her spring attire. Altar and chancel will bloom with spring flowers tomorrow, and the auditorium of the churches will be no less adorned with fair women in all of the gorgeousness of Easter millinery.

Few Easter functions have been so far announced, and there is only one Easter bride, Miss Mabel Rieke, who will be married to Mr. John W. Scott, Wednesday evening at the First Presbyterian church.

## WILL RESIDE HERE.

Paducah will soon have as a pleasing addition to social and musical circles, Miss Blanche Buckner, formerly of the city but of late years of Louisville, Ky. Yesterday's Louisville Post says:

Word has just reached friends in this city that Miss Blanche Buckner, daughter of Mrs. J. M. Buckner, Jr.,

had received a very flattering offer from the manager of the Isle of Spice company to sing the leading role of that rollicking comic opera, but that owing to strenuous objection on the part of her family will forego stage life and will, with her mother, take up her residence in Paducah.

Miss Buckner has been studying music at the Cincinnati Conservatory all winter, and is said to have developed wonderful vocal powers. Several weeks ago she came to Louisville while the Isle of Spice showed here at Macauley's, and the manager of the company, hearing of Miss Buckner, secured an interview with her and heard her sing. He was greatly impressed with her voice and, a week later offered her the leading role in the opera at a handsome salary.

Miss Buckner communicated the fact to her mother, who was then in San Antonio, where she had been all winter.

Mrs. Buckner arrived in Louisville several days ago, and advised her daughter to give up the idea of going on the stage. In response to this Miss Buckner wrote she will be home tonight.

## EASTER WEDDING.

The marriage of Miss Mabel Rieke and Mr. John W. Scott will take place Wednesday afternoon at 5 o'clock at the First Presbyterian church.

The bride who is one of the fairest of Paducah's young women, will wear a going away gown, and will leave immediately after the wedding on a wedding trip south.

The best man will be Mr. Daniel Boone, of Kansas City, Mo. The ushers will be: Messrs. Louis Rieke, Will Bradshaw, Frank Bourne, W. H. Rieke, Jr. Mr. Roy Cully, an uncle of the bride will give her away. The ceremony, including the ring service, will be performed by Rev. W. H. Pinkerton, of the First Christian church. Miss Ada Brazeton will play the wedding march.

The guests were: Mesdames Will L. Levy, I. Naubheim, Adolph Weil, Harry Livingston, David Levy, Herman Friedman, Misses Irene Schwab, Mamie Dryfuss and Helen Hecht. There will be no meeting of the club next week.

## THE CARNIVAL

Committee Awards Music Contract to Prof. John Dean.

Encouraging Reports From All Committees Made Last Night.

The contract for furnishing the music at the carnival in May was last evening let to Dean's band. The committee has had the matter under advisement for several days.

The Palm Garden, of German Village, will have a high class continuous vaudeville performance with eighteen people in it who will be brought here from Cincinnati.

It was stated at a meeting of the executive committee last night that Promoter Hawes and four assistants will arrive Monday to bill the country for sixty miles around. There will be another advertiser here about April 20th to turn loose various kinds of advertising.

It was reported by Chairman Rhodes, of the booth committee, that the indications were that at least sixty merchants would have displays at the carnival, possibly many more.

The city will be asked to place a fire apparatus on the grounds, and it is thought there will be a machine to spare.

The country store will be one of the features this year. It will be placed as near the center of the grounds as possible, and will have many excellent articles to be given away. Mr. L. A. Lagomarsino is chairman of the committee, and has not yet selected his assistants.

Monday morning the committee will start out to collect wholesalers envelopes on which, to print advertisements for the carnival, as is done every year. It is expected to place attractive announcements on hundreds of thousands of them.

The soliciting committee will start out Monday morning to call on the merchants.

## MANY APPLICATIONS.

RED MEN'S CONTEST EXTENDED TO NEXT WEDNESDAY EVENING.

There was such a rush of business at the regular meeting of the Red Men that it was decided to continue the contest until next Wednesday evening. About 45 petitions were brought in, making the total since the contest began of about 75.

There was so much to do that the installation of officers was deferred until next Friday night. It is believed that the new members received will exceed 100 when the final count is made.

Attorney W. A. Berry went to Benton this morning on business.

## BECOMES A DOCTOR.

MR. WILL T. POLK GRADUATES THIS EVENING AT NASHVILLE.

After tonight it will be "Dr. Will T. Polk." This well known and popular young man, who has been attending the medical college at Nashville, graduates this evening and will receive his diploma with honors. He is a son of Mr. Lon Polk, of the Mayfield road, and has studied hard and won honors of which he may justly feel proud.

He will arrive in Paducah Monday and after spending ten days with friends and relatives, will leave for New York to take a post-graduate course at the Polytechnic. He will be accompanied by the following of his colleagues: Drs. W. B. Singletary, New Orleans; W. E. Reynolds, Nashville; J. S. Williamson, Birmingham; A. S. Dabney, Cadiz.

Upon his return he will go west to locate.

## BOCK ON TAP.

LOVERS OF THE STRONG BRAND HAPPY TODAY.

Bock beer was put on sale in the saloons here this morning and will remain on sale for about ten days.

Bock beer is a strong brew put on the market at certain times of the year only, and is preferred in season to any other beer. Bock could be sold regularly, according to dealers, but it is not as lasting as weaker beers, and is not made a standard beer that will sell the year around.

The local dealers received their bock beer at the same time and by agreement put it on sale the same day.

## NEARLY WELL

JIM BARNETT, COLORED, IS IMPROVING.

Jim Barnett, the negro whom Officer Cross shot several nights ago, is doing well at the railroad hospital and will be able to be out about Monday, the doctors think. Barnett was not so seriously injured as at first thought.

## ONLY WHAT THEY INDORSED.

The Democrats seem to be the only  
ones wrought up by the controversy  
in their official family regarding the  
attorney general's assistants bill.  
Grafting has become so open and au-  
dacious in Kentucky that these little  
squabbles are amusing to those who  
can't help matters, and are disposed  
to philosophically "grin and bear it."

There is no reason to expect anything  
else.

Graft was an issue in the last state  
campaign and the Democratic party  
indorsed it and it is very unbecoming  
for such Democratic organs as the  
Courier-Journal to say such things as  
it did the other day, part of which is:  
"It is unfortunate that the Govern-  
nor, since he felt called upon to make  
a defense of his veto, could not have  
made one not so weak. He has failed  
utterly to justify his action on the  
ground of economy. On the contrary,  
the discussion in which he has en-  
gaged has only disclosed too plainly  
to the public that under the present  
plan the legal business of the state is  
conducted with something of the ex-  
travagance with which the printing  
of the state has been conducted; while  
from his own showing the conclusion  
is inescapable that the Governor is so  
wedded to the present system of em-  
ploying special counsel, not from mo-  
tives of economy, but because that  
system supplies him with the richest  
and most desirable patronage at his  
command."

That report of the St. Louis grand  
jury was a hot member. It was  
formulated by a body of men com-  
posed of eleven Democrats and one  
Republican—about the same propor-  
tion of juries in Kentucky, and nearly  
all the evils it exposed were those  
of the Democratic party of Missouri,  
which is under the domination of a  
corrupt ring. It charges the police of  
St. Louis with connivance at election  
frauds and "outrages, and the Demo-  
cratic Governor with responsibility  
for it because he has control of the  
police. If the people of Missouri, in  
response to the plea of ministers, and  
as a sequel to the revelation just made  
by the grand jury, do not vote the  
Republican ticket, they will be indeed  
blind to their own interests.

Senator Gorman's hysterical attack  
on President Roosevelt, and his de-  
claration that the government had be-  
come a "one man power," is a compli-  
ment to President Roosevelt, al-  
though it doubtless was not so intend-  
ed. Certainly one man, to have won  
the confidence of such an array of  
brains and power as is found in the  
United States official circle, to the ex-

tent of having his ideas carried out in  
everything as Senator Gorman claims,  
must be an exceptionally good and  
great man, and no one fills the bill  
better than President Roosevelt.

## STREET WORK

North Fifth Now Torn up for a  
Block.

It is Not Certain When Sand and  
Gravel Will Be Procurable.

Contractor E. C. Terrell today be-  
gan work on North Fifth street, be-  
tween Broadway and Jefferson streets.  
It will be torn up and graded. South  
Third from Broadway to Kentucky  
has been cut down and is ready for the  
sand, gravel and cement, but the  
sand and gravel famine has not yet  
been relieved, and work is practically  
suspended on it.

North Fourth street, between Broad-  
way and Jefferson, will be torn up  
next. The contractors for the sand  
have promised Contractor Terrell  
sand, and today are at work trying to  
pump it, but it is not yet certain that  
they will be able to get any.

On this account there is more or  
less complaint from citizens over the  
action of the city in permitting the  
contractor to tear up the streets and  
leave them perhaps for weeks in that  
condition.

It is generally hoped, however, that  
the sand and gravel will be secured in  
sufficient quantities to continue the  
work.

## GRAND SALE OF LOTS.

The Northview Realty and Improve-  
ment company has about 70 lots on  
11th and 12th streets, in Paducah,  
Ky., which it will offer for PUBLIC  
SALE most reasonable terms, in  
JUNE NEXT, unless sold before that  
time. These lots are situated in Pa-  
ducah, Ky., and lie between Rotter-  
ing's farm and the city.

The streets have been lately gravel-  
ed. The lots have beautiful shade  
trees on them, and lie high above the  
streets.

An ordinance has been adopted to  
extend 12th street on beyond this  
property to Rowlandtown, and the  
street car company will extend its  
line from Trimble street on down 12th  
street by this property to Rowland-  
town.

This property is certainly most at-  
tractive and desirable, and will soon  
be built up. There are no lots in the  
suburbs of Paducah more desira-  
ble for homes. The adjacent property  
is being rapidly improved, many  
houses having been erected recently.

## EASTER SERVICES IN LOCAL CHURCHES

Sweet Music and Beautiful Flow-

Special Features And Sermons on Re-  
urrection Theme Will Mark  
the Day.

## SUNDAY ANNOUNCEMENTS

With beautiful flowers, sweet music,  
and impressive sermons on the ever  
fruitful theme of the resurrection,  
which came to Christians 2,000 years  
ago, as a confirmation of their faith,  
and has been the "dearest hope of hu-  
manity ever since, the glad Easter day  
will be commemorated tomorrow in  
Paducah churches.

The decorations at St. Francis de  
Sales Catholic and Grace Episcopal  
churches will be especially elaborate,  
but all the Christian churches of the  
city will recognize the festival by  
adorning their chancels and auditori-  
ums with the spring's offering of  
beautiful flowers, so typical of the  
story told from pulpit and choir, of  
life after death.

The Easter services this year at the  
First Christian church will include  
both morning and evening services,  
and will be appropriately divided into  
two parts:

Part first which comprises the morn-  
ing services will commemorate in song  
and scriptural readings the Death and  
Resurrection of the Savior. This ser-  
vice has been arranged with a view to  
making the communion service the  
central and leading idea, and appropri-  
ate music, of especial beauty and dig-  
nity has been arranged therefor.

Part second, the evening service,  
will be a continuation of the song ser-  
vice of the morning followed by the  
sermon by the pastor, Rev. W. H. Pin-  
kerton.

There will be no sermon at the morn-  
ing service.

The following Easter music will be  
rendered tomorrow at the Broadway  
Methodist church.

## TIME IS CHANGED ON I. C. TRAINS

The Noon Passenger Will Come  
in at 12:55 p. m.

A Number of Minor Changes Will Be  
Made in the Train  
Schedules.

## BECOME EFFECTIVE TOMORROW

A new time card will go into effect  
on the I. C. tomorrow at noon, and  
Paducah comes in for a few changes.

The time cards arrived this morn-  
ing and were distributed among the  
different officials and employees, and  
the changes made will convenience  
the local employees rather than heap  
any more work on them, with the ex-  
ception of one train, the noon train,  
and this coming a little later will in-  
terfere little with the local employees.

The train which now arrives at 11:30  
will arrive from Memphis at 12:55  
in the afternoon.

The train which arrives from Lou-  
isville at 3:32 will arrive at 3:52.

The train which arrived from Cairo  
at 8:20 in the evening will arrive at  
7:30.

The train which comes in from St.  
Louis via Brookport at 3 o'clock will  
come in five minutes earlier.

The train which leaves here for St.  
Louis via Brookport at 1 o'clock, will  
leave at 12:40, just 20 minutes earlier.

The above are the only changes  
affecting Paducah and the noon train  
tomorrow from the south, will arrive  
at 11:30, the time cards not going into  
effect until tomorrow at noon.

This schedule is expected to remain  
in effect during the St. Louis world's  
fair, and will probably be disconti-  
nued when the fair is over.

Another change to be made is in  
No. 103, which goes through Paducah  
at 3:45 a. m., from Louisville for  
Memphis. After tomorrow it will be  
run only to Fulton, instead of to  
Memphis, as now, the connections at  
Fulton to be taken on to Memphis by  
No. 3.

## "POOR DIGESTION, LANGUID, AND TIRED."

[An Interesting Letter Concerning Pe-ru-na.]

Miss Della Janveau, Globe Hotel, Ottawa, Ont., is from one of the oldest and  
best known French Canadian families in Canada. In a recent letter to The Peru-  
na Medicine Co., of Columbus, Ohio, she says:  
"Last spring my blood seemed clogged up, my digestion poor, my  
head ached and I felt languid and tired all the time. My physician  
prescribed for me, but a friend advised me to try Peruna. I tried it  
and am pleased to state that I found it a wonderful cleanser and pur-  
ifier of the system. In three weeks I was like a new woman, my ap-  
petite had increased, I felt buoyant, light and happy and without an  
ache or pain. Peruna is a reliable family medicine."

Adia Brittain, of Skilton, O., writes:  
"After using your wonderful Peruna  
three months I have had great relief. I  
had continual heaviness in my stomach,  
was bilious, and had fainting spells, but  
they all have left me since using Peruna."

Address Dr. Hartman, President of  
The Hartman Sanitarium, Columbus, O.

### CAN'T BE USED

SAYS SEWER INSPECTOR RASOR OF SEWERAGE STATION.

The pumping station at the foot of North Third street is flooded with water and Sewer Inspector L. P. Rasor says he cannot use it.

"The pumping station is badly located," he explained, "and with only one pump and motor it is impossible to work it with success. The station is bound to flood at this stage of the river. Unless the pump is kept constantly at work the water can not be kept out. There are little breaks in the apparatus which occur at times, and unless there is another pump to use, it is impossible to keep the water out of the station."

Mr. Rasor talked as if the station is of no use to the city in the fact that it can not be used in high water time unless an additional pump be put in and the location of the station changed or elevated. It is not thought the high water will interfere with the sewerage system.

## MARKET STILL DULL

No Sales in Paducah Except Private Sales.

Home Tobacco is Moving Into Paducah—News of Other Markets.

SITUATION IS IMPROVING.

The local tobacco market is still dull, public sales not having yet begun, but is expected to pick up pretty soon.

Considerable tobacco is coming to the Imperial factory at 5th and Clark streets, but little anywhere else.

### AT LOUISVILLE.

Louisville, April 2.—The first sale was held at the Kentucky Warehouse. Twelve hogheads of dark were offered. The market was fully as good as yesterday and prices were satisfactory. The dark sold from \$2.35 to \$7.50.

The offerings at the Picket Warehouse this morning consisted of twenty-three hogheads of dark. Prices on the dark realized from \$2.15 to \$6.60. The sale was in every way satisfactory and the market shows a tendency to strengthen.

The market was thought to be a shade stronger on twenty-five hogheads of dark offered at the Louisville Warehouse this morning. Two of the dark were rejected and the remaining twenty-three hogheads brought satisfactory prices, ranging from \$2.50 to \$6.50.

### OWENSHORO.

(The Messenger.)

Forty loads of tobacco were sold at the auction house on Wednesday. The highest prices paid were \$5.80, \$5 and \$2. Auctioneer McAdams stated that the weed offered for sale yesterday was the poorest he had put on the table this year. He said the tobacco, considering the quality, brought the best prices of the season.

An even thirty loads of tobacco were sold at the auction house on Thursday. The market was drab, but this is accounted for, according to Auctioneer McAdams to the poor quality of the offerings. The best price was \$5, \$4.90 and \$2. Another load brought \$5.25 and \$2. The remainder of the loads offered brought very bad prices.

### 25 HOGHEADS SOLD.

S. A. Young, trustee in bankruptcy, in accordance with instructions from the referee in bankruptcy, sold at Owensboro yesterday at S. L. Adams' tobacco warehouse eighty-eight hogheads of tobacco belonging to E. T. Roberts Company.

The bidding was very lively as there were quite a number of tobacco men present. The prices for the twenty hogheads of Green river dark tobacco ranged from \$5 to \$2 a hundred, whereas the prices of the sixty-eight hogheads of Burley ranged in prices from \$7 to \$11.60 per hundred.

### IN TRIGG COUNTY.

Cadiz, Ky. April 2.—The tobacco in this county has been moving pretty lively during the past week, and Messrs. White and Company, of this place, have already received about 200,000 pounds. This is the first good season this county has had. Mr. T. E. Crenshaw, of the southern part of the county, has sold his crop of about 40,000 pounds to White & Co., receiving \$5.60 around.

## WORK BEGINS.

COMMITTEE FROM THE K. OF P. TO LOOK FOR A SUITABLE SITE.

A meeting of the K. of P. committee to which was referred the matter of securing a site for the state home for K. of P. widows and orphans, was held last night. Those composing the committee are: Mayor D. A. Yelzer, J. L. Friedman, L. S. Gleaves, Charles Weille, Al Young, L. A. Lagomarsino, Louis Kolb, Alex Kuip, John Niehaus and Abram Weil.

A committee composed of Messrs. Gleaves and Lagomarsino was appointed to confer with local real estate men and ascertain what they have in the way of a site, and report back to the committee Tuesday night next.

The new home, as stated several days ago, is to cost \$25,000, and the only thing asked of the city in which it will be located is a bonus of \$3,000.

Captain J. L. Kilgore, of Anderson, Ind., is at the Palmer.

## THE FIRST GAME HERE TOMORROW

Paducah K. I. T. Team to Play Match Game.

All the Players Will Be Here By Tomorrow—Game at Park.

INTERESTING BASEBALL NEWS

The baseball loving public is anxiously waiting the initial game of the season which will be played at Wal lace park grounds tomorrow afternoon between the regular professional players divided into two teams, and strengthened by local players where the full teams can not be made out.

The ball players are all here except three or four, and they will arrive tonight and be here by tomorrow. Last night "Red" Gilligan, an infielder, arrived with Frank Violet, an outfielder, and Fred Powell, of Louisville, a catcher, also came in this morning. All the boys reported at the park this morning for practice, and are working hard to get into trim for the coming battle with the Cincinnati Colts.

The entire list of players now here shows in the lineup of Paducah's professionals the best material for a pennant team imaginable, and Manager Ray can anticipate no difficulty in carrying the flag away from Cairo. The players now here are Grover Land and Fred Powell, catchers; Dick Keesling, Hudson, Girard, Doyle and Brabie, pitchers; Sweeney, first base; Gilligan, second base; Virgil, short stop; Violet, left field; Barlow, right field; Bateman, Nippert and Coleman will arrive this afternoon or tonight and will report for duty tomorrow. It is understood they have been working a little and will be in pretty good trim as far as individual work is concerned.

Potts will come tonight, he wires, and Paducah will have a bunch of ball players to feel proud of. West and McClain, pitcher and catcher from Oron, Mo., will arrive tonight. West is a six foot five inch pitcher, and it is said has a wing on him equal to a small cannon.

Manager Ray has not succeeded in getting the grounds in the best possible shape, but is still working on the diamond and will have it in fair condition for tomorrow's game. The regular bleacher admission of 25 cents will be charged tomorrow and the patronage will be admitted to the grand stand for this price, this being purely an exhibition game.

The Henderson street car company has let the contract for the baseball park grand stand, which will be completed by April 17th. There will be 200 chair seats for ladies. It would not hurt to have a few comfortable seats in the Paducah base ball grand stand.

## WILL BRING SUIT

Capt. J. M. Ezell Will Test the Law.

The Suit Will Be Filed Within Thirty Days.

License Inspector J. M. Ezell states that he will certainly bring his suit to determine whether or not the general council has a right to hold the regular election of license inspector in any month other than the one prescribed by ordinance.

Where there is a vacancy, it is admitted that the general council may fill it at any time, but it is contended by Captain Ezell that there was at no time a vacancy, and the election held a few nights ago was supposed to be the regular election.

Officer Ed Clark, who was elected to succeed him, has thirty days in which to qualify, and Captain Ezell's suit will be filed some time within the 30 days.

While opinion differs as to the merits of the claims, Captain Ezell has in nowise abandoned his determination to try out the questions in the courts. He says Officer Clark is as anxious to have the question settled as he.

### Theatrical Notes.

Next week at The Kentucky: Dr. and Mrs. Herbert L. Flint, all week, except Friday night. The world's greatest hypnotists, with matinee Saturday only. Friday night—The Original Bostonians, in Robin Hood.

Kate Condon, the new leading contralto with the Bostonians, is regarded by Henry Clay Barnebee as the best "Alan-a-Dale" who ever "O Promise-me-d." Uncle Henry certainly ought to know.

Mr. William H. MacDonald, of the better than ever Bostonians, is a rare story teller. Here is his latest:

During his summer outing, Mr. MacDonald had need to call on the village doctor. As he opened the office door, a lanky, boy, yet shrewd looking farmer pushed past him. Before Mr. MacDonald could recover from the shock, the doctor, red in the face, appeared and angrily shouted: "Say I charge for my advice!"

"Just so," called back the fast retreating farmer, "But I ain't a-goin' to take it."

Paul Gilmore, who last season toured the country in "The Tyranny of Tears" with much success, will appear in this city soon in another strong modern comedy, "The Mummy and the Humming Bird," in which Charles Wyndham achieved much success in London and John Drew in New York. The play will be presented here with all the elaborate scenery, properties and electrical effects that were seen during its long run at the Empire theater, New York. Manager Jules Murry having purchased the entire production intact for Mr. Gilmore's use.

A Bradford, Pa., paper, says: It is doubtful if two actors can be found on the American stage more fitted to the leading parts of "Faust," the Vernon play, than Lillian Lancaster as Marguerite and James A. Young as Mephistopheles. Miss Lancaster, a young, slender, willowy girl of the blond type whose presence upon the stage at once denotes a simplicity of character and sweetness of disposition; her awakening love for Faust and her realization of her wickedness caused by this love, she reaches, the acme of realism that is seldom seen in actresses of years and years experience. Mr. Young, with a clear voice and wonderful presence, depicts Satan in a variety of moods, from careless, light comedy, to the heavy diabolical scenes, whose laugh causes the entire audience to shudder and it is doubted if Louis Morrison in his younger days ever equaled this young actor's wonderful voice and intense passion.

If it is the association of incongruous images, then the entertainments given by Mr. and Mrs. Herbert L. Flint, which will begin next week, are the wittiest things in the world. The spectator simply roars with laughter and delight. He sees men gravely undertaking the most impossible feats. He sees them accept as a matter of fact the suggestions that they are circus performers, that they are cocks fighting a main, that they are horsemen racing on a track, that they are bicyclists, in short every conceivable vagary that the human brain can entertain is adopted by these hypnotic subjects and carried out with a gravity that makes uproarious fun. While there is a scientific undertone

to it, the idea is of itself funny and mirthful, without there being in the slightest degree anything deleterious. For the effects on the subjects is healthful rather than otherwise. Next week the whole phenomena will be exhibited here in this city and we commend it to our readers as a pure and highly moral entertainment. The doctor is assisted each evening by his wife, the only successful lady hypnotist, Mrs. Herbert L. Flint, who possesses a power scarcely inferior to the eminent doctor himself.

One of the most striking signs of the exceptional prosperity of these times is the eagerness with which the public has rushed to the performance of The Bostonians since they began their new season with that phenomenally successful engagement at the academy of music in New York this season. The start thus auspiciously made was the revival of "Robin Hood," the equal of which as a drawing power has not been met in 50 years, and an exact duplicate of which revival is to be seen at the Kentucky theater next Friday night. The cast will comprise Mr. Barnebee as the sheriff of Nottingham, whose eagle eye and massive brain have passed into the speech of the people; William H. MacDonald as the green-clad Little John of the long bow and leathern breeches, to say nothing of magnificent apostrophe to the "Brown October Ale" of Robin's careless days; George B. Frothingham in his inimitable creation of the squalid but unctuous and always diverting Friar Tuck; Miss Agnes Brown, and Miss Gertrude Zimmer the new and already famous sopranos of the Bostonians, alternating as Maid Marion; Miss Kate Condon, a contralto of tried abilities and unquestioned success as Alan-a-Dale, and Mr. Douglass Ruthven, alternating with Charles R. Hargreaves in the admirable tenor role of "Robin Hood." Howard Chambers, the eminent Australian basso sings Will Scarlet. Campbell Donald, said to be a favorite entertainer at Seibo Castle, has given a unique comedy characterization of the past of Guy of Gisborne. Other principal roles will be intrusted to experienced and competent artists, and the chorus is said to be one of the best drilled and vocally best equipped that was ever assembled by The Bostonians. The company's own artistic orchestra is a feature of The Bostonians' operas.

### HEALTH IS YOUTH.

Disease and Sickness Brings Old Age.

Herbine, taken every morning before breakfast, will keep you in robust health, fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. Smith, Whitney, Texas, writes April 8, 1902: "I have used Herbine and find it the best medicine for constipation and liver troubles. It does all you claim for it. I can highly recommend it." 50c a bottle.

Sold by DuBois, Kolb & Co., Paducah, Ky.

### MORE GOOD WORDS.

The Paducah Sun issued a special edition Saturday that was both a credit to itself and the city. It was liberally patronized by the merchants and business men and the good points of the city were well shown up and the whole demonstrates that Brother Fisher has the best plant and paper in that hustling city.—Princeton Chronicle.

## The Gentleman From Indiana

By BOOTH TARKINGTON

Copyright, 1899, by Doubleday & McClure Co.  
Copyright, 1902, by McClure, Phillips & Co.

Helen turned away without answering. Her face was very white and she looked pinched about the mouth. She went back to where old Fiske sat on the porch, his white head held between his two hands. He was rocking himself to and fro. She touched him gently, but he did not look up. She spoke to him. "Father," she said.

He did not seem to hear her. "There isn't anything yet. He sent the telegram. I shall stay with you now, no matter what you say." She sat beside him and put her head down on his shoulder, and, though for a moment he appeared not to notice it, when Minnie came out on the porch, hearing her father at the door, the old man had put his arm about the girl and was stroking her fair hair softly.

Briscoe glanced at them and raised a warning finger to his daughter, and they went tiptoeing into the house, where the judge dropped heavily upon a sofa. Minnie stood before him with a look of pale inquiry, and he shook his head.

"No use to tell him, but I can't see any hope," he answered her, biting nervously at the end of a cigar. "I expect you better bring me some coffee in here. I couldn't take another step to save me. I'm too old to tear around the country horseback before breakfast, like I have today."

"Did you send her telegram?" Minnie asked as he drank the coffee she brought him. She had interpreted "coffee" liberally and, with the assistance of Maudy Upton, whose subdued rose was frankly red and who shed tears on the raspberries, had prepared an appetizing table at his elbow.

"Yes," responded the judge, "and I'm glad she sent it. I talked the other way yesterday, what little I said—it isn't any of our business—but I don't think any too much of those people somehow. She thinks she belongs with Fiske, and I guess she's right. That young fellow must have got along with her pretty well, and I'm afraid when she gives up she'll be pretty bad over it; but I guess we all will. It's terribly sudden, somehow, though it's only what everybody half expected would come, only we thought it would come from over yonder." He nodded toward the west. "But she's got to stay here with us. Boarding at Tibbs' with that old man won't do, and she's no girl to live in two rooms. You fix it up with her—you make her stay."

"She must," answered his daughter as she knelt beside him and patted his coat and handed him several things to eat at the same time. "Mr. Fiske will help me persuade her, now that

lently. "Haven't they been out there yet?"

"What use? They are out of it, and they can thank God they are."

"They are not!" she cried, very much agitated. "They did it. It was the White Caps. We saw them, Helen and I."

The judge got upon his feet with an oath. He had not sworn for years until that morning. "What's this?" he said sharply.

"I ought to have told you before, but we were so frightened, and—and you went off in such a rush after Mr. Wiley was here. I never dreamed everybody wouldn't know it was the Crossroads; that they would think of any one else. And I looked for the scarecrow as soon as it was light, and it was away off from where we saw them and wasn't blown down at all; and Helen saw them in the field besides; saw all of them!"

He interrupted her. "What do you mean? Try to tell me about it quietly, child." He laid his hand on her shoulder.

She told him breathlessly what she and Helen had seen, and he grew more and more visibly perturbed and uneasy, biting his cigar to pieces and groaning at intervals. When she had finished he took a few quick turns about the room, with his hands thrust deep in his coat pockets, and then, changing her to repeat the story to no one, left the house and, forgetting his fatigue, rapidly crossed the fields to the point where the bizarre figures of the night had shown themselves to the two girls at the window.

### WHAT A GRADUATED NURSE SAYS.

OCALA, FLA., Nov. 28, 1903.

It is with genuine pleasure I recommend Wine of Cardui to women suffering with the troubles peculiar to the sex. In my experience of over sixteen years I have never found anything which would so quickly restore young mothers to strength, nor do I know of any medicine better for a pregnant woman to take to induce easy childbirth, a healthy child and comfort to both mother and child. In my opinion Wine of Cardui is the best medicine for a woman suffering from ulceration, inflammation, falling of the womb or ovarian troubles, and I have known dozens of cases where women were advised by the doctors to submit to operations, but who were cured simply by taking Wine of Cardui a few months. In fact, my personal experience with this reliable remedy has been of such a satisfactory nature that I most gladly give you this unsolicited testimonial.

# Do You Care for Appearances?

Or do you belong to that class of men who don't care what they wear "just so its clothes." We've clothes for all men; but especially men who care for appearances, and the kind of clothes we sell make them appear to the best advantage always. Its a new thing to buy ready-service clothes tailored by hand. We were first to show them here. You can't tell them from "merchant tailor made" when it comes to fit, hang and style. They have those broad shoulders, close neck grip collars, non-breakable fronts. We want to interest you in these hand-made clothes because we think you'll be better satisfied with them than any clothes you've ever worn before. You couldn't lose by trying on the spring styles now ready and priced to you the same as the ordinary store clothes. Hand-made suits for men, \$15.00 to \$27.50. Hand-made suits for young men, \$12.50 to \$25.00.

Monday is "Tater Day" at Benton, Marshall county, and farmers from the several adjoining counties will be in that town with seed potatoes to sell.

"Tater Day" in Benton is an annual event looked forward to with much interest. It means a great deal more than county court day in the small town, and the farmers come in in larger numbers than even to circuses.
